Farewell Message

Mrs. Weckesser
Principal

Congratulations to the Class of 2021!

Looking back at the last year and a half, you know first-hand that sometimes life does not always go as planned. Suddenly you are forced to face unforeseen difficult challenges. What you have achieved during your junior and senior years in high school has never been done before in history.

By adapting to a new norm and having to take charge of your own destiny, the skills you unknowingly mastered along the way will open many new doors. Even while you were missing your friends and not doing all the traditional things that high school kids do, you persevered. You kept going and pushed yourself to do what you had to do in order to graduate. By adapting to change and focusing on your goal, you learned that you and your voice matters. You learned the importance of persistence, adaptability, and courage as you faced a strange new world. Even when it was scary you kept going and made it to your graduation!

Class of 2021 you are strong, you are special and you are loved. There is nothing you cannot do if you set your mind to it.

I wish you the best of luck in all your future endeavors!
